PROFILE

Healthcare professional with extensive experience in both the provider and payer markets who has a well-established history of opening up new territories and creating services related to physical performance benchmarking, return to work, and medical cost containment.

WORK EXPERIENCE

2007-Present

NES Assurance, Dover, NH

Chief Executive Officer

NES Assurance is a Third Party Administrators and a fiduciary agent for medical liability expenses. NES Assurance focuses on leveraging innovative cost containment programs and fiduciary management to optimize medical liability expenses through industry-leading channels like Lloyds of London syndicates, law firms, and private agencies. With extensive experience in managed care, healthcare, and insurance, the organization emphasizes operational efficiency and value-driven partnerships. A strong commitment to innovation is reflected in the development of proprietary platforms and tailored programs that address unique client needs, particularly within the surrogacy and fertility markets.

- Spearheaded web-based Enterprise Resource Platform architecture for management of claims process and financial expenditures allowing streamlined access and transparency for underwriting, brokerage, vendors, claims, and end user.
- Contracted with Lloyds of London for international medical liability product for portfolio in excess of 40 million dollars annually.
- Profit and Loss responsibility averaging annual net profit growth of 30% since 2009.

2001-Present

Northeast Evaluation Specialists; PLLC; Dover, NH

FOUNDER, CO-PRINCIPAL

Northeast Evaluation Specialists is a Medico-legal practice and regional leader in providing assessments, industrial rehabilitation and disability determinations for the insurance industry and government agencies.
